## HYDE'S LAWYERS SHOW METHOD OF EXPERT WITNESS

Used Hot Water in Thawing  
Out Corpse of Swope for  
Autopsy.

Surgeon Says Swope Did Not  
Die Natural Death.

EVERY EVIDENCE OF POISON.

Kansas City, May 2.—The defense in the trial of Dr. Hyde today regard Dr. Hektoen as a discredited witness. By his own books, read while on the stand, the scientist was shown to have acted contrary to the established rules in making autopsy on Swope's body. Hektoen's book "Legal Medicine" reads: "The German government forbids the use of hot water in thawing out frozen bodies for dissection, because it causes chemical changes." Walsh got the expert to admit that several kettles of hot water were poured into the abdominal and thorax cavities to thaw out Swope's body. During the cross-examination of Hektoen, the court announced that he would soon start holding night sessions.

Answering hypothetical questions relating to the deaths of Col. and Mrs. Chisholm Swope, Dr. Ludwig Hektoen, the Chicago pathologist, said in the criminal court that in his opinion both men died from the effects of some convulsive and paralyzing poison. Cyanide of potassium, testified the scientist, was such a drug.

Nothing about the vital organs of either of the Swopes, upon each of whom Dr. Hektoen performed autopsies, suggested death had resulted from natural causes, said the expert. He was positive, he testified, that Col. Swope did not die from apoplexy, nor Chisholm Swope from meningitis. Dr. Hektoen made no chemical analysis in the course of his investigations and hence gave no direct testimony relating to the alleged finding of poison in the bodies.

Whether poison caused the deaths of Col. Thomas H. and Chisholm Swope may be determined by a committee of medical experts appointed by Judge Ralph S. Lathrop.

Strays.  
Stock Policeman Lycurgus Rice figured out today that he arrested 76 dogs and 27 head of stray stock during April. Five of the canines were redeemed and one cow, unclaimed, was sold at public auction.

Fire Department.  
April showers put an end to business for the fire department as during the month there were only four alarms, one of the lightest months in several years. The loss for the month does not amount to \$1,000.

GENERAL COUNCIL WILL CONVENE THIS EVENING.  
The general council will meet in regular session tonight at 7:30 o'clock at the city hall. Mostly routine business will be transacted. The council will receive reports of the Riverside hospital board of directors on bids for the addition. The board will receive the reports from the street committee relative to the proposed sidewalk improvements, and receive the report of the joint finance and public improvement committee in accepting the new central fire station on Kentucky avenue.

Prize Fighter Buried.  
San Francisco, May 2.—Tommy McCarthy, who was killed in a prize fight by Moran, was buried today in the Holy Cross cemetery.

GRANADA BONDSMAN IS AFTER RUNAWAY NEGRO

After learning that John Cook, colored, had skipped out after he had been so gracious as to go his bond T. O'Brien, a citizen of Granada, Mississippi, hurried to the governor of Mississippi and secured an appointment a special officer of the law. In addition he was given regulation papers for Cook's return and started out in search of his prisoner. Cook was arrested at the coal chute of the Illinois Central railroad this morning by Patrolman R. C. Jones and locked up in the city jail. Mr. O'Brien, who arrived here yesterday, will return to Granada at 6:10 o'clock tonight. Cook was indicted at Granada for breaking into the railroad depot at El Dorado, Miss., some distance out of Granada. He was released from jail on a bond furnished by Mr. O'Brien and then left. Cook and his half-brother is guilty of breaking and not he. Mr. O'Brien, a former county court clerk at Granada.

## Tennessee and Mississippi State Anti-Trust Laws Are Sustained by The United States Supreme Court

### Standard Oil Company and Lumber Combine Lose Suit ---Hughes Appointment Will be Confirmed.

Washington, May 2.—The decision of the Tennessee supreme court against the Standard Oil company, of Kentucky, under the state anti-trust law, today was affirmed by the supreme court of the United States and the Tennessee anti-monopoly law was held constitutional.

**Mississippi Law Upheld.**  
That the anti-trust law of Mississippi is constitutional was the decision today of the supreme court of the United States in affirming the decree of the Mississippi supreme court, that the Retail Lumber Dealers' association of Mississippi was a combination in restraint of trade.

**National Bank Laws Held.**  
In affirming the Citizens' National bank, of Boyle county, against the commonwealth of Kentucky, the supreme court upheld the law passed by the legislature of 1909, providing for the assessment and taxation of shares in national banks.

**Hughes to Be Confirmed.**  
Washington, May 2.—The senate committee on judiciary decided today to recommend the confirmation of Governor Hughes' nomination for associate justice of the supreme court of the United States.

### Irvin S. Cobb Here

Irvin S. Cobb, the well known humorist and newspaper writer, of the New York World staff, is in the city on a visit to his mother, Mrs. Manie S. Cobb, 727 Broadway. Mr. Cobb is on his way to Atlanta, and will go from there to Savannah to join Mrs. Cobb and Little Miss Elizabeth Cobb, who are visiting Mrs. Cobb's parents, and accompany them home. He will be in Paducah until Thursday.

**Herrin Defeats Mounds.**  
Cairo, Ill., May 2.—The Monona baseball team was defeated yesterday on their home grounds by a score of 7 to 1 by the Herrin team.

### LORIMER BRIBERY CASE UNDER PROBE

### CHICAGO GRAND JURY TAKES UP THE INVESTIGATION TODAY.

Chicago, May 2.—A special grand jury was officially instructed today to probe the charges of Representative C. A. White that he and others received a thousand dollars apiece to vote for Lorimer for senator. White is expected to face the grand jury late this afternoon. State Attorney Wayman announced this noon he would personally conduct the case. Lorimer announced today that he would remain here until Thursday anyway, to see what the charges amount to. Meanwhile Governor Deacon is keeping in close touch with developments, so that he can call a special session of the general assembly on short notice if necessary.

**Olyphant Requested Privacy for Himself**

Future meetings of the investigating committee appointed from the magistrates of the fiscal court to investigate the alleged bridge graft will be open to the public, according to Magistrate U. S. Walston, chairman of the committee. Magistrate Walston said that the public was excluded from the meeting of the committee when John T. Olyphant testified at the special request of Mr. Olyphant.

**Houseboat Stocked With Liquor Sunday**

Deputy United States Marshal Elwood Neal, Constable Jeff Bamister, of the Eighth district, and Constable A. C. Shelton trapped Aaron Tilley in a beached houseboat opposite Metropolis, Ill., at 2 o'clock yesterday afternoon. Tilley offered no resistance and was brought to Paducah to face three warrants, charging him with running a "blind tiger." His trial is set for 2 o'clock tomorrow afternoon in Magistrate C. W. Emery's court.

By appointment Constable Shelton

## ALMOST AN ALIBI FOR SUSPECTS IN McCACKEN JAIL

### Guire and Hale Were at Cumberland River Morning Body Was Found.

### Sold Watch to Man and Bought Food.

### THOMPSON MURDER MYSTERY.

More evidence to strengthen the alibi of Bert Guire and Albert Hale, prisoners in the county jail on the charge of murdering "Red" Thompson has been gathered by their attorney, David Browning. Yesterday Mr. Browning telephoned to W. F. Bennett, who resides at Cumberland river and he stated that he purchased a silver watch from two men for \$2 on the morning of April 10 about 10 o'clock. Bruce, a storekeeper at Cumberland river said he remembered two men purchasing cheese and crackers from him on that morning and eating it at the store before catching a freight train towards Paducah.

The murder was committed some time late the night of April 9, or early on the morning of April 10, and if the two men were at the Cumberland river at 7:30 that morning, it is a point in their favor.

After he had answered the question Mr. Bennett inquired the purpose and was told of the arrest of the men for the murder. He said that he would hold the watch, and he would have come to Paducah today in defense of the two men; were not for the fact that he is a member of the Lyon county grand jury and it was impossible for him to leave.

"There is no doubt in my mind about the innocence of these two men," said Attorney Browning. "We have witnesses to prove that they left Martin, Tenn., about 5 o'clock Saturday afternoon, and the train reached Paducah between 10 and 11 o'clock that night. Between 11 o'clock that night and 5 o'clock the next morning Guire and Hale have no witnesses to corroborate their story that they remained in the car loaded with lumber, but the fact that they were at Cumberland River early the next morning should establish their innocence of the murder."

"I believe that Thompson is alive and that he will reach Birmingham this week. The fact that their stories have been proved correct should make their story of remaining in a railroad car from Saturday night until Sunday morning believed."

This morning Circuit Judge William M. Reed extended the time of the grand jury until Friday. If the jurors desire they may adjourn any day this week, and meet Friday for the purpose of making their report.

**Mother Is Positive.**

Verifying the report that Luther and "Red" Thompson is not alive Chief of Police Singletary received a letter from Mrs. Lum Thompson of Birmingham, Ala., stating that she is still unchanged in her belief that the dead boy was her son. She stated that if her son is really alive, she will not believe it until she sees him and hears him recall occurrences that will prove him to be her son. She said no one claiming to be her son had put in appearance yet.

**The Message From Capt. Thompson.**

Poices are of the opinion that a third party, believed to be concerned in the murder is responsible for the report received here that Luther (Red) Thompson, is alive for Birmingham.

Inquiry at Dayton, Tenn., as to who was sending telegrams to Paducah in the name of J. F. Thompson, captain of the steamer Luu Thompson, brought the following response from the Dayton office of the Western Union:

"The message from The Sun to Captain Thompson was delivered to Mr. Neel's home yesterday at noon where he ate dinner. After the meal the trio took the road to Metropolis landing and circled around Tilley's shack, which is about 400 yards below the Kentucky landing. Inside the shack Constable Shelton found 15 or 20 strange men. Walking up to Tilley he held out his hand and told Tilley he was under arrest. Fifteen gallons of whisky and 25 dozen bottles of beer were confiscated by the officers. These will be used as evidence. Tilley gave bond of \$100 in each of the cases and claims to have a government license. Marshal Neel said the license expired March 15. Tilley is a brother of Kinney Tilley, whose trial in federal court during the April term was continued to the November term. He also is charged with retailing liquor without a license.

## Kitty League is Now Certainty if Local Promoters Raise Necessary Amount to Handle Organization

### Both Hopeful of Settlement But Both Stand Pat

### Carpenters and Contractors Begin Tug of War Today.

### Some Have Signed New Scale With Men.

### NO HARD FEELING APPARENT.

Obstacles in the pathway of the organization of the Kitty baseball league were overcome yesterday at the meeting of the officers in Henderson, when it was decided that the organization should be permanent, despite the fact that some changes in the plans were necessary. Four cities, Paducah, Hopkinsville, Vincennes, Ind., and Clarksville, Tenn., posted the preliminary guarantee of \$150 necessary to enter the league. Henderson promised to post the guarantee with the treasurer by Tuesday, while another city will be selected to take the place made vacant by the failure of Madisonville to post the forfeit.

About 25 of the 90 union carpenters in a strike today, because the new wage scale has not been signed but by only a few of the contractors. Both carpenters and contractors are standing firm, and both declare they are hopeful of an early settlement of the wage scale. No conference between the committees was held this morning.

About 25 of the 90 union carpenters in Paducah went to work this morning, while the others are out pending the signing of the new wage scale by the contractors. At working time this morning four contractors had attached their signatures to the scale, leaving seven contractors yet to sign. The carpenters say they will be firm in their demands and are confident of victory. No disorder will characterize the negotiations, they say.

**Delinquent Tax Sale.**  
City Treasurer George Walters sold the delinquent tax bills at 10 o'clock this morning for \$9,586.40. They were purchased for the city of Paducah by City Auditor Alex Kirkland. The white list brought \$8,204.37, and the colored list \$1,381.33.

**Riverside Hospital Report.**

The monthly report of Riverside hospital is: City patients April 1, 7; private patients April 1, 22; city patients treated, 17; private patients treated, 38; births, 6; deaths, city patients, 1; private patients, 1; city patients May 1, 9; private patients May 1, 12.

**Riverside Hospital Staff.**

The staff of physicians for Riverside hospital will serve for three months instead of two months. The staff for May, June and July is: Surgical—Dr. S. B. Pulliam and Dr. H. T. Rivers. Medical—Dr. H. P. Sights and Dr. L. E. Young. Obstetrics—Dr. J. T. Reddick. Genito-urinary—Dr. C. E. Kidd. Eye, ear, nose and throat—Dr. C. E. Purcell. Anæsthetics—Dr. W. J. Bass.

**Revenue Report.**

April was an average month in Paducah in the internal revenue service according to the monthly report of Ira C. Eberly, deputy stamp collector. The report is: Distiller stamps, 30; brewer stamps, 11; tobacco and cigar stamps, 73; wholesale liquor stamps, 40; total number of sales, 154; total coupon stamps issued, 12,630; collections, \$14,977.84; balance April 1, \$23,130.35; receipts for month, \$26,073.50; sales for month, \$21,715.67; balance May 1, \$27,488.18.

**City Finances.**

The monthly report of City Treasurer George Walters and City Auditor Alex Kirkland for April, showing the standing of the city's finances, was completed this morning. It is as follows:

Balance April 1.....\$33,238.82

Collections.....6,993.91

Total.....\$40,232.73

Disbursements.....\$17,748.61

Balance May 1.....\$22,484.12

**RULES COMMITTEE WILL CONSIDER RESOLUTION**

### GOVERNOR OF OKLAHOMA AND ASSOCIATES IN UNITED STATES COURT.

Tulsa, Okla., May 2.—The trial of Governor Haskell and others, charged with conspiracy to defraud the government, acting for Creek Indian nation, by alleged fraudulently scheduling of town lots in Muskogee, when noncitizens were first given property rights in the Creek nation townsites, began today in the criminal branch of the United States court, with Judge John A. Marshall presiding. Many attorneys and assistants District Attorney Gregg and a small army is representing Haskell. Five hundred witnesses are subpoenaed from all parts of the country. It is said Senator Bailey, of Texas, is allied with the defense and may actively participate. The maximum punishment possible is a year's imprisonment or \$5,000, or both.

**Taft at Pittsburgh.**

Pittsburgh, May 2.—President Taft is here today. He will see the Pirates play the Cubs this afternoon.

Taft refused to comment on the Washington Post Roosevelt story. He seemed indignant and shook his head negatively. Knox also refused to be involved.

## ELKS AND HOOKS PLAY BASEBALL

SCORE OF FIVE TO TWO FOR FIRST GAME.

Secret Order Boys Win Hotly Contested Game at Wallace Park.

### BATTLE BETWEEN PITCHERS.

In almost mid-season form the Elks and H. B. Hooks baseball teams met on the diamond yesterday afternoon for the first time this season. It was a rattling good game and when the dust had cleared away the Elks were victors by the score of 5 to 2. Up to the last it was either team's game, although in the closing innings the Elks held the winging cards, but the Hooks showed their ability by getting the lead.

To that slender pitcher, McChesney, the Elks owe much for their victory, although he was backed up with good fielding for an early game. He appeared almost invincible when the Hooks needed a run. At the start of the game two runs were scored, but he became better in the contest and stopped the run getting by splendid twirling. Hart, also, was flinging in good style with his left arm. He appeared to have the Elks puzzled in the first few innings. The hits of the Elks came at opportune times usually with men on bases as a result of free passes. Both teams are stronger this season than last year, and will be in the running for the amateur championship of the city.

In the second inning the Hooks started the scoring. Harper hit safe, stole second, and scoring on an overthrow by Robertson of a ball hit by Gallagher. In the fourth Cox hit to Robertson who failed to get his hands on it in time. Cox stole second, reached third on an out, and counted on a hit by Malone. In the last of the fourth the Elks tied the score. Lloyd walked and Robertson reached first base and Lloyd second on a ball hit to third. Reed followed with a mighty three base drive to left-center and the score was tied.

In the fifth round the Elks took the lead. Lloyd again walked. Williams lined out a beauty to center, stole second and Lloyd tallied on the throw. The lead was increased and the scoring ended in the sixth inning Ripley hit hard to center field while Button hunted and made it safe. Ripley stole third and on a mix of Cox, scored, while Button counted also.

### Pickups.

Next Sunday the Elks will line up against the crack Mounds team at Mounds, Ill. The team will arrange a number of games during the season. Practice will be held and more teamwork developed.

The Hooks have a good team, but need more acquaintance with each other.

Over 260 people saw the game yesterday and were greatly pleased with the spirit that the Kitty been playing. A packed grandstand would have seen the game.

# The One Price to All Store

## The Store at Which You Can Purchase With Absolute Confidence

We believe in serving others as we would ourselves be served, and to make this store the dependable store.

It is the store where values reign supreme, where for every dollar you spend, you receive one hundred cents' worth of real, true value.

Where all goods are marked at their correct, just selling prices, where but one price to you, to all, is known.

Careful, attentive, painstaking salespeople are here to serve you.

The Rhodes-Burford store is the dependable housefurnishing store of Paducah—and will serve you well if you but give the opportunity.

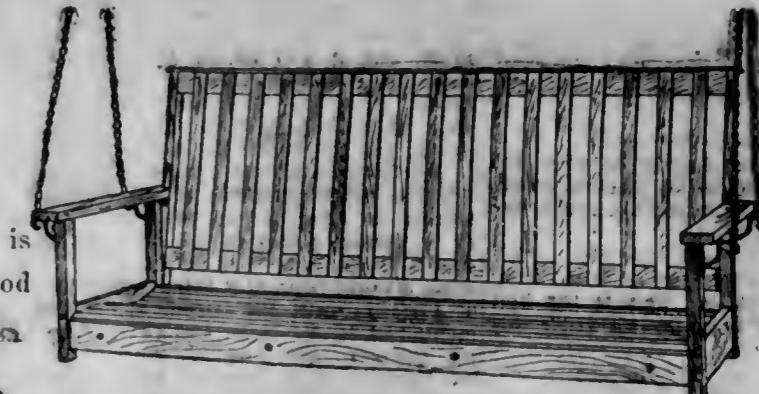

### CREDIT AT RHODES-BURFORD'S

There should be no hesitancy on your part to request the opening of a Charge Account at Rhodes-Burford's.

To ask for Credit is no disgrace. Your money may be so invested to splendid advantage, and the withdrawal of it means considerable loss to you—or you may have immediate use for it elsewhere.

The Rhodes Burford store is only too glad to extend you ample Credit accommodation—and all whom it would aid need have no hesitancy in asking for it.

## Your Health is Worth Lots to You, Isn't It?

Upon the air you breathe, the water you drink, and more particularly the food you eat, the condition of your health depends.

You wouldn't think of preparing meals in and with dishes that had not been washed, would you? No more should you think of baking them in an oven that had not been washed—and yet thousands of people do.

"But how can I wash the oven of a Gas Range?" you say.

Let your choice be a "Buck's" White Enamel Lined Gas Range, and you can.

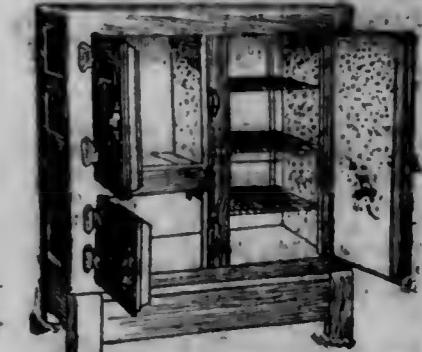

Take the linings, which are easily removed, out and wash and scour them as you would a dish, for they are white enameled. You can always have a clean, sanitary oven in a "Buck's."

And the oven will not rust out because the linings are cast iron and covered with glass enamel.

Be sure then to make a "Buck's" White Enamored Gas Range your choice—it is a matter that concerns your health.

### DUDLEY SINKS

STEAMER STRIKES LEAK WHILE  
IN CUMBERLAND.

Captain and Crew Have Narrow Escape From Drowning Friday.

News of the sinking of the steamer

Bob Dudley at Nashville Friday night at 7 o'clock was brought here today by the crew of the J. B. Richardson, which arrived today from that city. The Dudley may be a total loss.

The cause of the disaster is un-

known. Half an hour previous to the sinking her watchman was in her hold and there was no water indicating a leak. About 7 o'clock the Dudley was seen to tilt upstream and turn completely over on her starboard side. All her crew and Capt. George Doubleday had narrow escapes from being drowned. Mate Jolly Hard escaped drowning by a hair's breadth and all were fortunate in coming out alive. The Dudley was valued at \$15,000 and plied the Cumberland above Nashville. She is the property of the Ryman Steamboat Co.

It is said that no insurance other than fire insurance was carried on her by her owners. Efforts are being made to right the steamer although she is still in the same position. The rising river threatens her.

## A "ROUGHNECK" SENATOR.

The Chicago Tribune produces a  
plausible explanation of those Dem-  
ocrats of the state legislature, who  
announced that they were too broad  
to be foolishly partisan, and then  
voted for Lorimer, for United States  
senator. It publishes the confession  
of Representative White, a Demo-  
ocrat, who said he received from the  
Democratic boss \$1,000 for voting  
for Lorimer and \$900 of the boodle  
pool contributed by corporations in-  
terested in legislation at Springfield.  
He produces a telegram, inviting  
him to St. Louis, and names other  
Democratic legislators, who admit  
being there at the time and place.  
The widow of one of them acknowl-  
edges that her husband received a  
sum of money on that occasion.

Lorimer sprung no surprise when  
he denounced White as a corruption-  
ist and a man, whose word is worth  
nothing. If White had not been a  
boodler and a bribe taker, of course,  
he would not have done what he ad-  
mits doing; but what he says seems  
simply substantiated by circumstan-  
tial evidence.

Lorimer is an original "rough-  
neck" from the packing house dis-  
trict of Chicago, who beat his way  
to the top by the superiority of mus-  
cle and brains. He served the inter-  
ests he represented well and faithfully  
in congress, establishing a rep-  
utation for consistency and incidentally  
amassing considerable wealth.  
Senator Hopkins, of not better mor-  
al fiber than Lorimer, but of finer  
grain, was nominated for senator by  
the Illinois Republicans at the state  
primary, and the Republicans elected  
a majority of the general assembly;  
but they didn't stand by Hop-  
kins. There was a deadlock until  
enough Democrats deserted their  
party candidate for Lorimer. Nat-  
urally, charges of bribery were heard  
on all sides. The Lorimer faction  
and Democratic coalition fought De-  
neen throughout the session. The  
respectable papers of the state op-  
posed Lorimer, and the stench at-  
tending his election stuck to the new  
senator's toga. He was not well re-  
ceived by his colleague at Wash-  
ington, and never admitted into full  
fellowship with old Senator Shelby  
Cullum. They seem only too glad  
at Washington of a chance to investi-  
gate Lorimer.

In the meantime the election in  
the congressional district, when  
Lorimer was chosen, was carried

## LOCAL HISTORIC SITES.

ONE STORY HOUSE WITH TWO STORY PORCH MADE FAMOUS BY DICKENS—SOUTHWEST CORNER OF FOURTH AND JEFFERSON STREETS.

RESIDENCE OF CAPTAIN JACK LAWSON, WHO CRAN FIRST STREAM LOCOMOTIVE IN AMERICA—NORTHEAST CORNER OF SEVENTH STREET AND BROADWAY.

FIRST SUBMARINE CABLE LAID BY CAPTAIN JACK SLEETH—ACROSS OHIO RIVER BETWEEN PADUCAH AND BROOKPORT.

PRISON OF GENERAL LLOYD THILGHMAN—FRAME BUILDING AT 419 BROADWAY.

FORT PADUCAH—SITE OF RIVERSIDE HOSPITAL.

READING OF PROCLAMATION TO THE SOUTH BY GENERAL GRANT—FIRST STREET AND BROADWAY.

GRAVE OF CHIEF PADUCAH FOR WHOM CITY WAS NAMED—SITE OF LACK SINGLETREY COMPANY.

COLONEL THOMPSON KILLED DURING BATTLE—TRIMBLE STREET BETWEEN FIFTH AND SIXTH STREETS.

These sites have been selected by the members of the park commission as the proper ones to be marked with slabs so that they may not be lost to future generations, and it may be easy for sightseers to find the sites of historic interest. It is planned to do the work this summer, and neat tablets placed at angle on low posts similar to the ones in United States cemeteries will be used.

If there are any other sites of historic interest in the city worthy of being marked, the locations of the sites and a brief story of the history should be sent to Dr. D. G. Murrell, president of the board of park commissioners. The board has spent considerable time in securing the accurate locations of the historic sites as the stories handed down by tradition usually are misleading.

The plan of marked sites was first considered last year and it sprang into instant favor. The cost will be small, and it will be an advertisement for Paducah worthy of all the funds expended. Doubtless other sites of historic interest will be found, and they too will be marked.

The location of the house that Dickens made mention of in his travels in America has been given as in various places in the city. It was a frame structure, and the citizens thought little of it being a place of curiosity until the famous author mentioned it. To many hundred people Captain Jack Lawson, who removed his experiences at the throttle of the first locomotive in the world. It was a small affair in comparison with the "hogs" of today. Captain Lawson ran the locomotive between Fifth and Sixth streets.

The tradition of the naming of Paducah after the old Indian chief Paduca has been scoffed by many, but nevertheless it is considered a fact. According to the best evidence that could be gathered General Clark brought the old Indian from the west, and then came to western Kentucky with him. In honor of him the little hamlet was named and the word was altered to "Paducah." His grave has been located on the site of the Lack Singletree company on South Third street, where a pile of logs years ago served as a monument. This spot will be marked as the last resting place of the brave old red face.

Sections of the first submarine easily prised. It is said that Cyrus Field, standing at First street and Broadway, who received the credit for the first ocean cable, wrote to Captain Sleeth about the success he had with the

on regardless of public opinion. Altogether, Lorimer, not only lacks the spirit of patriotism which citizens desire in their representatives; and the spirit of party loyalty, which the politician admires, but that delicate regard for the proprieties, cultivated and esteemed by the gentlemen of the upper branch of the national congress.

It has been freely published that Lorimer's election to the senate cost \$200,000. We glibly talk about the purchasable seats in the United States senate; but even the senate possesses a sense of honor that is offended by coarse methods of dabbler. Senator Clark, of Montana, got out just in time to avoid being put out. In the '70's Caldwell, of Kansas, showed discretion in resigning his seat. Mississippi has a bribery investigation on hand that may reach the senate. That Illinois is to wash her dirty linen due to the active agency of the daily press. If Colorado had a free press, Senator Guggenheim, who tacitly admitted that he paid for his seat, would be in a like predicament.

No one doubts the truth of the charges in Illinois, and the work of the present Chicago prosecuting attorney affords ground for hope of thoroughness and relentless prosecution.

Unless the owner makes himself or herself known, the goat will be arraigned in police court tomorrow morning. Last week a cow was sold in this manner, and if Judge Cross isn't wrong in his prediction he will hold a Chanticleer male soon.

A Good Way to Use Hyomei  
Besides breathing through the inhaler a few times a day, many ear-  
then sufferers write that they find  
inhaling Hyomei from a bowl of  
steaming water each night before  
retiring a great aid in curing stub-  
born cases.

Try it; it's very simple; gives  
quick relief and makes you breathe  
easier.

Fill a bowl half full of boiling  
water; pour into the water a half  
teaspoonful of Hyomei, cover head  
and bowl with a towel and breathe  
through nose and mouth the medicated  
antiseptic and healing vapor that  
arises.

This method relieves that stuffiness  
at once and makes your head feel  
clear.

You can get a bottle of Hyomei at  
druggists everywhere or at Gilbert's  
drug store for only 50 cents. Ask  
for extra bottle Hyomei Inhaler.

But bear in mind if you want a  
Hyomei Inhaler you must buy a com-  
plete outfit which only costs \$1.00.

But as stated before; if you al-  
ready own a Hyomei Inhaler the  
ommon costs but 50 cents.

Hyomei is guaranteed by druggists  
everywhere and by Gilbert's drug  
store to cure catarrh, sore throat,  
coughs, colds, rose fever, asthma and  
croup, or money back. Try it on

## APPLE CROP

WILL BE UP TO AVERAGE THIS  
YEAR.But Peaches In McCracken County  
Were Injured By The Frost.

There will be a short crop of  
peaches but a normal crop of apples  
in McCracken county this summer,  
according to George Allison, a prominent  
farmer residing in the county near Metropolis landing. Mr. Allison has covered much of the western part of the county as census enumerator, and is in a position to know the condition of the fruit crop.  
The cold weather had impaired the  
fruit crop as a whole, but the prospects  
for the apples are excellent nevertheless.  
For some reason the peach tree are barren this year, and Paducah will have to depend upon the shipped peaches.

The crop of wheat will be small  
this year in the county owing to the  
damage by the Hessian fly. McCracken  
county farmers do not grow much wheat, but what is in the ground  
does not look promising.

## INFORMATION by TELEPHONE

PEOPLE are not leaving so much to chance  
in these days of universal telephone service. Instead  
of risking disappointment they telephone and get the facts.

Will school be held on a stormy morning, will your friend  
be in? If you call, what does the weather man predict and when  
does the train leave—are samples of myriads of questions con-  
stantly passing over the wire, and being answered by the proper  
authorities.

There are also questions to be asked about the telephone  
service, how somebody can be reached over the Bell Long Dis-  
tance Telephone and what it will cost, and similar questions,  
which are being answered by the information operators.

The demand is not for cheap telephone service, but for a  
comprehensive and reliable telephone service.

Missionaries Meet.

Chicago, May 2.—Three meetings of national and international importance in religious affairs will be opened in Chicago this week. Coming from all corners of the continent, 4,500 delegates will open the Men's National Missionary congress Tuesday for a four day's session. On Friday the Northern Baptists will begin a seven days' convention, in connection with which the Woman's American Baptist Home Mission Society will hold its annual meeting. The Men's Missionary congress will mark the close of the campaign conducted by the layman's missionary

movement, which has held conventions in seventy cities since Oct. 16 last, when the first convention was held in Buffalo. The object of the campaign is the evangelization of the world in this generation, and more than 77,000 business men have registered as delegates to these meetings.

In the meetings here all the Protestant churches of America will be represented. Ambassador James Bryce of England will be one of the speakers.

The running tongue throws many a one back in the race.

# MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

## LAYMEN FIGURE IN THE SERVICE

BROADWAY METHODIST CROWDED LAST NIGHT.

Mr. W. J. Hills Speaks to Business Men—Dr. Byron W. King.

MEN'S CLASS IS ORGANIZED.

Laymen figured largely in the services of the First Presbyterian and Broadway Methodist churches yesterday, and last night the Bible classes of both churches attended Broadway and heard Mr. W. J. Hills talk on the business man and his Bible, and the Bible reading by Dr. Byron W. King.

More than 100 attended the Bible class at Broadway, and the new class at the First Presbyterian was organized with sixteen members. Mr. Henry Hughes was elected president, George B. Hart, vice president, J. K. Ferguson, secretary, and W. A. Lawrence, treasurer. Last night the class mustered 20 members and proceeded to Broadway church to a body with Dr. H. W. Burwell.

Dr. Sullivan presided at the evening service at Broadway, and Dr. Burwell offered the Invocation. The male quartet, composed of Mr. Slavie Mall, Mr. Frank Burns, Mr. Emmet Bagby and Mr. Robert Scott assisted the regular church choir.

Mr. Hills' speech was short and to the point. He demonstrated by apt illustrations that the Bible is the key to all real success in business life. He made the point that the employer who consults his Bible, will impress the employee with the value of it, and through business associations will spread the gospel of righteousness, justice and brotherly love. He said fifteen minutes a day with his Bible will transform a grasping, selfish business man into a public benefactor.

Dr. Byron King has a national reputation. He is head of the School of Expression at Pittsburgh, and apparently knows the more familiar portions of the Bible, at least, by heart. His reading of the twenty-third psalm and other popular extracts from the scriptures gave a new appreciation of their beauty and significance to his audience. Incidents of the new testament, too, he read with marvellous effectiveness, explaining their truths, by reproducing the scene before the mental eye, and making the application to modern conditions.

Dr. King will lecture Wednesday night at Broadway church under the auspices of the Woman's society of that church. The church was crowded last night.

**RIVER AND WEATHER.**

Gauge at 7 a.m. read 16.5 feet, indicating a rise of two-tenths of a foot since Sunday. The river was on a stand yesterday. Weather clear and warm and business good.

**NOTES AND PERSONALS.**

The U. S. Light-horse tender Gold-enrod arrived from Cincinnati at 3 o'clock yesterday afternoon and left last night for the Tennessee to tend lights. She will be up that stream for about five days and then return to Cincinnati.

There were 15 cloudy and rainy days in April and they rest clear.

Snow fell nearly two days on the 23 and 24th. The river fell 24 days, rose for 4 days and was on a stand 2 days. Total precipitation for April was 6.90 inches.

Word has been received here of the serious condition of Captain Tun Lovell, at Goodlettsville, Tenn. He recently was stricken with paralysis and his many rivermen friends regret to hear of his condition.

The towboat Egan left this afternoon for the miles at Thayneville for a tow of coal for the West Kentucky Coal company.

The towboat Mary Anderson left Memphis yesterday with a tow of empties for Paducah.

Saturday afternoon the towboat Condor was dropped off the marine ways here and is lying here waiting for new cylinders to be installed.

She had extensive repair work done and will return to Joplin, Mo.

The towboat Reaper is due from the south Wednesday with empties.

The towboat Henrietta arrived today from the Cumberland with a tow of ties and went to Cairo. She will return in a few days.

The John S. Hopkins and John L. Lowry will be the Evansville packets tomorrow.

The Chattanooga arrived early

this morning from Evansville with

a big trip of miscellaneous freight

and went to Joplin to discharge

some of it. She will return and leave at 4 o'clock this afternoon for

Chattanooga, Tenn. She will be

accompanied as far as the Tennessee

shoals by the James N. Trigg, which

will assist her if necessary in getting

over. The Trigg will return here and leave Wednesday afternoon for

Chattanooga. Hereafter there will

be a boat for Chattanooga every

Wednesday.

Capt. D. W. Martin, mate on the J. B. Richardson, is at his post again after a brief illness.

Emmett Graves, clerk on the Clyde, who stopped over here this trip will go out with the Clyde Wednesday. She is due out of the Tennessee tonight and leaves Wednesday evening at 6 o'clock for a return trip.

About 300 excursionists made the trip to Joplin and return on the Dick Fowler yesterday. She left here at 2:15 p.m., and returned about 6 o'clock. She left on time for Cairo this morning with a good trip and is due back at 9 o'clock tonight.

The Nashville will be in port to-morrow from Nashville, Tenn.

A large number of motor boats

were out on the river yesterday.

The J. B. Richardson arrived from

Nashville at 6 o'clock this morning

with a good trip and left at noon today for Clarksville. She will return Wednesday morning and leave noon that day for a return trip to Nashville.

A better stage is looked for by rivermen here and their hopes are being renewed by the rising river.

## SCHOOL TEACHERS ELECT TUESDAY

PROVIDED COMMITTEE MEETS IN MEANTIME.

It is Probable That Most of Present Corps Will Be Retained By Trustees.

## INCREASES IN THE SALARIES.

Public school teachers will be elected tomorrow night at the monthly meeting of the school board, provided the committee on teachers and salaries meets to adopt its report before the board meeting. Practically all the present corps of teachers have signified their intention of standing for re-election for next year, and only a few changes are expected.

All the principals elected at the last meeting have accepted their positions, including the new ones, Alfred Crabbe, of Howling Green, and Orlando Hinton, of Howling Green, both have notified Superintendent Carnegie of their acceptance. Professor Crabbe is editor of "The Educator," which is issued by the students at the Western State Normal school, Vt.

In the High School faculty there will be two vacancies to fill, Mrs. M. E. Liggin and Miss Olive Butler not desiring to be re-elected. Prof. Hugh H. Craig, teacher of sciences and athletics, will remain next year.

The teachers next year will receive an increase of about five per cent on their salary. The board has \$2,500 to increase the salary of the teaching corps, and it is expected the committee will adopt the plan of increasing the salaries. Superintendent J. A. Carington said he was pleased at the large number of teachers who will remain, as it will insure increasingly good work next year. Among the applicants for positions to fill vacancies are several teachers, who have taught in the schools before. The desire of the school trustees to increase the salaries of the teachers has served the purpose of enabling the schools to retain the best teachers.

At the teachers and the students who visited Cairo Friday, are pleased with the treatment extended to them by the citizens of Cairo. Although the debate was lost, Paducah takes the defeat with good grace, and expects to even up matters next year.

Dr. Byron W. King, president of the Pittsburgh School of Expression, addressed the students of the High school this morning at opening exercises. He talked on "The Art of Expression," and was one of the most entertaining speakers that has addressed the students in a long time.

Dr. King will deliver a number of addresses in western Kentucky, and will speak at the Broadway Methodist church next Wednesday night.

**PESSIMISM FELT  
IN WALL STREET**

FORGET FAVORABLE CONDITIONS FOR MOMENT.

Conditions Complicated by Exhaustion of Public's Buying Power.

COMMODITY PRICES GO DOWN.

New York, May 2. (Special)—A feeling of excessive pessimism has come over Wall street. For the time being at least, favorable conditions are ignored, and the financial public appears to be dwelling upon influences of a more or less unfavorable character. Chief among these is the investment situation. This cannot be called satisfactory. During the first three months of the year about \$600,000,000 of new securities have been authorized, a very considerable portion of which consisted of bonds. The demand for the latter, as is well known, has fallen flat; the reason being that investors insist upon having better returns than the majority of bonds afford. It should be remembered that a very large class of investors who are dependent upon fixed incomes have been put to positive hardships by the high costs of living. This class have frequently been obliged to discard bonds and buy the better class of dividend-paying stocks, especially as many of the latter have been increasing their returns to stockholders. This insistence on the part of the investor for a better return is an important factor in the present situation.

Conditions are further complicated by evidence that the buying power of the investing public has been at least temporarily exhausted; either by the excessive issue of new securities, or by a reduction in savings. Time is required for correction of such a situation as this. It is known also that further large security issues are imminent, and that inducements either in the form of lower prices or higher rates of interest or privileges of some sort will have to be made to secure a market. The knowledge of this contingency also affects security markets adversely. Dividend increases have apparently become less popular, and seem to be a signal for selling and lower prices; as witness New York Central, United States steel and other stocks which declined steadily after dividend increases, and have been criticised in some quarters since.

**Money.**

The monetary situation excites some concern, more perhaps than is necessary. New York bank reserves are low; consequently preparations for May disbursements, the renewal of gold exports, a lessened interior movement, treasury absorption and cotton financing forced a temporary advance in call and time money. The possibility of Europe making still further demands upon our gold still exerted an unfavorable sentimental effect at a time when market opinion was already supersensitive. It had been hoped that the decline in commodities would stimulate exports, and it is believed that Europe will readily take our new issues if terms are made satisfactory. But the fact that London is holding off for better terms inevitably affects this market adversely. As to the future of the local money market, there is no cause for concern. Funds have been returning from the west with more freedom, and this movement will be shortly renewed. It is true the west has made large advances to land and other speculative schemes upon which it would be impossible to realize quickly; but the best advices from western bankers are that this movement has not run to such a dangerous point as is sometimes believed. There is every reason to believe that the western banks are abundantly able to take care of the situation. An undercurrent of uneasiness is developing regarding the political situation. It is quite certain that we are in for a period of fresh tariff agitation during the coming autumn. The aggressive attitude of Washington towards railroads and other corporations is also much disliked in financial circles, owing largely to the uncertainty which it produces. Republican party squabbles also have an unsettling influence.

When it comes to the business situation, that is undoubtedly spotty. Reactionary tendencies are observable in many directions, and the trend of nearly all commodity prices is downwards. Consumption has been checked by high prices, and here and there are signs of overproduction; notably in the iron trade where an "organized" restriction of pig iron is in prospect. There is also more or less continued curtailment in the cotton goods industry, due to high prices and complications arising from the fluctuations in cotton. The reaction in business, however, is one which should, ere long, prove beneficial, being more in the nature of a general readjustment to a lower price level, which, when the limit has been reached, will prove stimulating and wholesome. There is no doubt that as soon as buyers are convinced that bedrock is reached, a fresh rush of orders will be received.

Attention is now being closely riveted upon the crop outlook.

**Value of Hair As a Relic.**  
A student of the relic market has estimated a first-class celebrity's head of hair to be worth £4,000. The average head of fair hair consists of 143,000 hairs, and of dark 165,000 hairs; therefore, if we allow our celebrity 100,000 hairs, or, say, 500 (relic trade) locks, which should be worth on an average £8 apiece, we arrive at the above figure. Red-headed celebrities are less remunerative, as their hairs average only 30,000; while persons with such lofty foreheads as Shakespeare naturally furnish a still smaller crop for the relic hunter. They may, however, possess a beard and mustache, and these should sell for at least £250.—London Chronicle.

Irvin Candle Is Fined Two and Costs In Police Court Today By Judge.

For discharging a pistol in the city limits Irvin Candle, colored, was fined \$2 in police court this morning on motion of the prosecuting attorney. While Patrolmen Kirk and Mitchell were patrolling their beat at midnight Saturday they heard a pistol shot and followed. When they reached a house on the alley running from Boyd street between Eighth and Ninth streets, a negro darted for the door. The police grabbed him and as they did he threw something inside the door. Mr. Mitchell went inside and found a .38-calibre Smith & Wesson pistol lying on the floor. Other cases this morning were:

Breach of ordinance, Aggie Perry, colored, dismissed. Breach of peace, Rube Smallmann, fined \$20 on one count and dismissed on a second one. Pett lacey, "Texas," continued until tomorrow.

Vagrancy, James Woolens and Sam Farmer, fined \$10 each and judged.

Made Her Look Twenty Years Younger

Read Mrs. Herrick's Sworn Statement

STATE OF NEW YORK, COUNTY OF MONROE, ss; ROCHESTER, N. Y.  
Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long dark hair which was the envy of all the chaperones and white-haired women and received many compliments. As I grew older, my hair commenced to come out, just a little first, but gradually more and more, and then began to turn gray. I was induced by the hair dresser to buy a bottle of "Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my surprise when I found that it had come back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now very dark and thick as when I was a girl sixteen years ago. Now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

SERMON IN BEHALF OF BOYS.

A sermon which should have been heard by the thousands of young men of Paducah, was delivered at the First Christian church last evening by the pastor, Rev. W. A. Flite. His text was from the First Epistle of John 2:14: "I have written to you, fathers, because ye have known him that is from the beginning. I have written unto you, young men, because ye are strong, and the word of God abideth in you, and ye have overcome the wicked one."

Dr. Flite began by saying the young men are the backbone of the nation and their glory is in their strength. The young man of Galilee was the greatest in the world. He was Christ and his work was done while he was young. The greatest book, he said, was about a young man; the Bible, the life of Christ. Stephen and Saul of Tarsus were both young men and young men occupy a conspicuous place in history. As illustrations he recalled Michael Angelo, William Cullen Bryant, Alexander the Great, Napoleon Bonaparte, Milton, Keats and other familiar characters in history.

Dr. Flite said this is an age when the young men are longing to the front. They are the Gladstones of government and the Blackstones of the bar; they are the soldiers of our nation. You will find them in every sphere of endeavor. Boy babies are more active than girl babies. He said boys became restless in the schoolroom and generally at the age of 15 or 16 years they have a desire to quit school, which is a very grievous mistake. He said that when the schools of the country put more emphasis on the activities, then the boys will remain in school.

The young men are the very Atalantes of the world. A man is naturally equipped to bear the burdens of life more than a woman and he should not be content with supporting himself, but from four of five others, who may be dependent upon young man. If he has no energy in the young man and what to do with it is a problem that presents itself. They are like a rushing river and you can't make an old man out of a young man. Dr. Flite said he believes that parents do not, as a rule, understand their boys. He said that if a boy is repressed an explosion will follow. If the young man is repressed he will expand to his normal condition again after this has been removed.

The Alternative.

Dr. Flite pointed out two ways in which the young man can expend his energy. First in service and second in sin. The young man has an immense amount of vitality and he will use it in one way or the other. The Devil, he said, has several ways for the young man to expend his energy. With this remark Dr. Flite recalled the recent murder of "Red" Thompson, as a warning to the evil world. Some outlet for the young man's energy must be found. The young man is not to be prostituted but rendered praiseworthy. His energy should not be expended in riotous living, but in useful religion.

As an excellent illustration Dr. Flite compared the young man with a steam engine. If the engine has no steam it is useless. If it has plenty of steam and is controlled by the engineer with his hand on the throttle it is indispensable, but if it is allowed to dash madly away it will wreck itself, its train and possibly other trains. Thus, with the young man. If he has no energy and is "dead" he is of no account. If he has plenty of energy with his hand on the throttle of his will, he is of valuable service, but if he does not control himself he will be wrecked and lost, carrying others with him.

Why?

Dr. Flite said there are between 5,000 and 7,000 young men in Paducah, and the fact that all do not attend church is no sign that they are against the church. Why don't they come? It is because they want to avoid hypocrisy. Dr. Flite told his audience that the churches of the city are open only for a short time one day in the week and their doors are closed every day. The young men labor all day, but when through their work are practically as fresh as when they started in the morning. Therefore they must have some place to expend their energy and naturally they go to places of recreation, for the social instinct predominates in their lives. He told the congrega-

tion that the idea of building a Y. M. C. A. here is not feasible at the present time and there has been some talk of arranging the churches into places of recreation during the week days, where the young men may congregate in social life. He said the churches of the country are begin-

ning to recognize the social and physical sides of the young men, as well as their religious side.

In conclusion Dr. Flite said that Jesus was the young man's best example. He said Christ expended his energies in service and came to teach the young men how to live.

A fairly large congregation was present last night, but very few young men were present. Special music was rendered by Mrs. W. C. Gray and the choir. Yesterday morning Dr. Flite preached on "Paul's Greatest Desire" to a large congregation. The attendance at Sunday

school was large.
